

## **Exit 58 - Background**

Exit 58 is the evolution of friendships that began over a decade ago.

However, it wasn't until Chris Parsons, Laura Day and Kendra Croft embarked on their individual careers that they started meeting casually to weave vocal harmonies and strum chords.

Finally, in September of 2003, Exit 58 was created!

Exit 58 takes pride in the versatility of its musical arrangement and in its unique, woven acoustic sound. The trio has a vast repertoire and has performed for various gatherings including private celebrations, large banquets, weddings, community events, restaurants and volunteer fundraisers.

Exit 58 is the perfect musical addition to any event!
