

Exit 58 - Testimonials

" I would like to thank you for your generous contribution by playing your toe tapping music for the crowds at the . . . "Big Bloomin' Bash". The music served as both a focal point and. . . your performance was a highlight of the day. It, as always, was a pleasure working with you and hearing you perform."

"I am writing to express how much I enjoyed attending the evening of music with Exit 58 in concert. I was honored to attend and my thoughts were filled with pride at what you have accomplished as a "threesome". I know each of you have worked very hard to achieve this goal and I applaud each of you. I wish you continued success. Continue to bring forth your music and next time your group is performing in concert please let me know. Thank you for a truly wonderful relaxing evening with Exit 58!"
